

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

COMPILED UNDER DIRECTION OF THE ROSTER COMMISSION:

JOSEPH B. FORAKER, GOVERNOR. JAMES S. ROBINSON, SECY OF STATE.

PUBLISHED BY AUTHORITY OF THE GENERAL ASSEMBLY.

INTRODUCTORY.

THE publication of a Roster of the Soldiers of Ohio in the War of the Rebellion was authorized by the following resolution, offered by Mr. VAN CLEAF, and adopted by the Legislature, almost without opposition, on May 15th, 1884:

Resolved by the General Assembly of the State of Ohio, That the Governor, Secretary of State and Adjutant-General be and they are hereby authorized to secure the publication, in book form, of the complete Roster of all the Regiments, or parts of Regiments, furnished by Ohio, in the War with Mexico, and in the War of the Rebellion; said publication to contain the main items of the record of each officer and soldier, so far as the same is attainable, from the rolls now in the Adjutant-General's office, and in the War Department at Washington. And they shall begin said work as soon as practicable, and continue the same until the said printed Roster is complete; the printing and binding to be under the direction of the Commissioners of Public Printing, and the publication, when completed, shall be under the control of the officials first named, for such disposal as the General Assembly may hereafter direct.

The records of the War with Mexico, and the three-months' troops in the War of the Rebellion, now in possession of the Adjutant-General of Ohio, are so incomplete, and the difficulty of securing the missing rolls from the War Department at Washington so great, that it was thought policy to postpone preparing a Roster of those troops until later, and work was commenced at once on preparing a record of the three-years' troops. The first volume—known as "Volume II."—was issued October 15th, 1886. Volume I., containing the records of the three-months' troops, will be the last volume issued.

Although great care has been exercised to avoid errors, many will doubtless appear. If they are discovered, it is earnestly requested that information concerning them be promptly given to the Adjutant-General, that they may be corrected in the "Errata," which will appear in the last volume to be issued—to be known as "Volume I."

The Legislature, at its last session, passed, on May 12th, 1886, the following law (S. B. No. 151, Mr. SULLIVAN), providing more fully for the publication and distribution of the Roster:

SECTION 1. Be it enacted by the General Assembly of the State of Ohio, That there be and is hereby appropriated out of any money in the State treasury to the credit of the general revenue otherwise appropriated, the following sum, for the purpose herein named, to wit:
of two volumes of the Roster of the Ohio Soldiers, authorized by Senate Joint

INTRODUCTORY.

tion adopted March 15th, 1884, the sum of twenty thousand dollars (\$20,000). The publication of said volumes shall be under the direction of the Commissioners of Public Printing, in concert with the Adjutant-General, who shall, within sixty days after the passage of this act, contract for the publication of said volumes, in the manner provided for in sections 320 and 321 of the Revised Statutes of Ohio, and who shall determine the size and style of type and page, the quality and weight of paper, and style of binding, and they shall have printed and bound, as cheaply as possible, consistent with proper execution of the work, an edition of ten thousand copies of each of said volumes; *provided*, the cost of said publication shall not exceed one dollar per volume of not less than seven hundred and fifty pages.

SEC. 2. The distribution of said volumes shall be under the direction of the Adjutant-General and shall be as follows:

- to each Member of the General Assembly, ten copies;
- to the Adjutant-General, for distribution to the Adjutants-General of each State and Territory and proper officials of the War Department at Washington, D. C., sixty copies;
- to each of the State officers of Ohio, and to each of the various State departments and institutions, one copy;
- to the State Library, fifty copies for exchanges, and ten copies to be retained permanently in;
- to each incorporated public library of the State, one copy;
- to each post of the Grand Army of the Republic, on condition that if the post be disbanded any time the same shall be returned to the State Library, one copy; and to the Department of the Grand Army of the Republic, and of the Loyal Legion, each one copy;
- to each County Recorder, to be by him kept in his office and transferred to his successor as public records, one copy.

The remainder of said copies after such distribution shall be placed on sale by the Adjutant-General, at a price not exceeding one dollar per volume. He shall keep a record of such sales, and shall, at the end of each quarter of the fiscal year, pay into the State treasury the sum received, until all of said volumes are sold, unless otherwise directed by the General Assembly; *provided*, that he shall not sell more than one copy of each of said volumes to the same person.

SEC. 3. This act shall take effect and be in force from and after its passage.

Under the provisions of this act, the Board thereby created, on July 7th, 1884, awarded the contract for furnishing the two volumes to "The Ohio Book Publishing and Manufacturing Company," of Cincinnati, at the comparatively low price of \$20,000 for the 20,000 copies. To this company great credit is due for the handsome manner in which the work has been executed, both in printing and binding, and it is but just to add that they displayed great energy in pushing the work to a speedy completion under unexpected embarrassments and difficulties.

13th Regiment Ohio Volunteer Infantry.

THREE YEARS' SERVICE.

The 13th Regiment, although originally known as the Thirteenth Missouri Volunteer Infantry, was organized at St. Louis, Mo., from August 9 to November 5, 1861, and was commanded by Ohio officers, and its ranks filled with recruits from this State. Its designation was changed to the 13th Regiment Ohio Infantry, by order of the Secretary of War, May 1, 1862, at expiration of its term of service the original members (except those who were wounded out, and the organization, composed of veterans and recruits, was reorganized into a Battalion of two companies, (in November, 1862) and continued in the service until August 28, 1865, when it was mustered out with orders from the War Department. The two organizations, Regiment and Battalion are so blended together in the various rolls and records as published in one organization, each officer's and soldier's name being complete in the Company in which he originally served. The following list of battles in which the Regiment bore an honorable part is published by the War Department, but the following list has been compiled by careful research, during the preparation of this work:

Twenty-second Regiment Ohio Volunteer Infantry.

THREE YEARS' SERVICE.

THIS Regiment, although originally known as the Thirteenth Missouri Volunteers, and organized at St. Louis, Mo., from August 9 to November 5, 1861, to serve three years, was commanded by Ohio officers, and its ranks filled mainly by soldiers from this State. Its designation was changed to the Twenty-second Regiment Ohio Infantry, by order of the Secretary of War, May 29, 1862. On the expiration of its term of service the original members (except veterans) were mustered out, and the organization, composed of veterans and recruits consolidated into a Battalion of two companies, (in November, 1864), and retained in the service until August 28, 1865, when it was mustered out, in accordance with orders from the War Department. The two organizations of Regiment and Battalion are so blended together in the various rolls that they are all published in one organization, each officer's and soldier's record being given complete in the Company in which he originally served.

No official list of battles in which the Regiment bore an honorable part has yet been published by the War Department, but the following list has been compiled, after careful research, during the preparation of this work:

Twenty-eighth Regiment Ohio Volunteer Infantry.

THREE YEARS' SERVICE.

THIS Regiment was organized at Camp Dennison, Ohio, from June 10, 1861, to March 1, 1862, to serve three years. The original members (except veterans) were mustered out July 23, 1864, by reason of expiration of term of service, and the organization, composed of veterans and recruits, consolidated into a Battalion of three companies, and retained in service until July 6, 1865, when it was mustered out in accordance with orders from the War Department.

The two organizations, Regiment and Battalion, are so blended together in the various rolls that they are all published in one organization, each officer's and soldier's record being given complete in the Company in which he originally served, or to which he was transferred.

The official list of battles in which this Regiment bore an honorable part is not yet published in orders from the War Department, but the following list has been compiled, after careful research, during the preparation of this work:
